Hallmark H. S. – Melrose-Wakefield Hospital [\(Link to General Comments\)](#)

Heywood Hospital [\(Link to General Comments\)](#)

Not performed at Heywood. Zero cases.

Lahey Clinic [\(Link to General Comments\)](#)

Coronary Artery Bypass Graft (CABG): Lahey Clinic actively participated in the state quality report card for coronary artery bypass graft outcomes and is recognized among the Boston teaching hospitals as a longstanding leader in heart surgery.

Massachusetts General Hospital [\(Link to General Comments\)](#)

CABG: We applaud the state for using mortality rate statistics from the Society of Thoracic Surgery program. Hospitals in MA that provide CABG are required to participate in this data collection and monitoring effort. The mortality rates are adjusted using clinical data from charts that allows us to account for differences in the severity of illness among patients. The statewide collection and analysis of this information represents a big step forward in the way in which we monitor and improve quality of care for patients in Massachusetts.
